THE TWO WINANS SENTENCED TODAY

FENTON AND NEWTON WINANS GUILTY OF SHOP LIFTING.

MUST GO TO JAIL NOW

Former Janesville Men Pay The Penalty for Their Crimes—Husband of Jessie Fredericks.

Dispatches from Elgin, Ill., today give the news that two former Janesville residents, Fenton J. Whinans, erstwhile yardman for the Northwestern road here and his brother, Newton E. Whinans, have been found guilty of shop lifting and given sentences in the Illinois penitentiary of six months.

Arrested in March.

The two Whinans and Mrs. Fenton J. Whinans, formerly Mrs. Jessie Fredericks of this city and a daughter of the late Nicholas Fredericks, for many years street comedian here, were arrested in Elgin on March 7th on the charge of shop lifting. Mrs. Whinans was released on deposit of \$100 bail and immediately went to Chicago to raise funds for the defense of her husband and brother.

Their Career.

Nicholas Fredericks died some two years ago and left considerable property to his daughter, Mrs. Whinans, while residents of Janesville they lived at 101 Center street. They later removed to Chicago and after Mr. Whinans' death two years ago lived in considerable style at 5228 Jefferson avenue on the south side.

Whinans Disappears.

Last fall Fenton Whinans went to Marshfieldtown, Iowa, with an idea of buying a grocery business. He had considerable of his wife's money with him and suddenly disappeared. It is alleged he returned to her after he had spent it all and was forgiven. At any rate, the couple, together with Newton Whinans, visited many Illinois cities and were finally arrested.

Pledged Guilty.

After several weeks of delay the trio were arraigned yesterday and changed their plea of not guilty to that of guilty and were sentenced to six months in the county jail and a fine of \$100 each. Mrs. Whinans was found not guilty and discharged.

AMERICAN AMBASSADOR'S DAUGHTER WAS MARRIED TODAY IN CHAPEL ROYAL

Miss Jean Reid United In Marriage To Hon. John Ward-King And Queen Present.

(SPECIAL TO THE GAZETTE.)

London, June 23.—In the presence of King Edward, Queen Alexandra, and a brilliant gathering of royal and distinguished personages, Miss Jean Reid, daughter of the American ambassador and Mrs. Whitelaw Reid, was united in marriage today in the chapel royal of St. James' palace to Hon. John Hubert Ward, a brother of the Earl of Dudley. The bishop of London, assisted by the Rev. Dr. William Grosvenor of New York, performed the ceremony.

Enormous crowds outside watched the arrival of the bride, bridegroom, and wedding guests. As the King and Queen entered the chapel, the organ broke into the strains of Elgar's "Imperial March." Their Majesties bowed right and left as they proceeded up the nave to their places.

Other notables among the guests were the Princess Victoria, the Dowager Countess of Dudley, the bridegroom's mother, the Earl and Countess of Dudley, Sir Ernest Cassel, Lord Rosebery, Sir Edward Grey, and Paul Cambon, the French ambassador.

The Americans presented included Lady Essex, the Duchess of Roxburghe, Mrs. John Jacob Astor, Lady Willoughby de Eresby, Mrs. Ogden Mills, Miss Helen and Kate Crocker, Misses Helen and Kate Briece, and Mr. Ogden Mills Bishop.

Ambassador Reid gave away his daughter, who was attended by Miss Jeannette Crocker as maid of honor and by five bridesmaids, Misses Hilda Crocker, Miss Mills, Miss Mildred Carter and Mr. Ward's nieces, Lady Gladys Tudor and Lady Mervyn Lloyd Ward.

The bride's gown was an exquisite French creation of softest white in a delicate ivory shade. It was draped on the corsage with old rose point lace which belonged to the bride's grandmother. It was so arranged as to fall in full drapery over the skirt, and was matched by a long veil of rose point, which fell from a wreath of orange blossoms. The lace of the dress was caught at intervals by little bouquets of tiny white roses and orange blossoms, both on the skirt and corsage. The long satins court train was bordered all around by train of the same two flowers.

After the ceremony a reception was held at Dorchester House. Over a thousand invitations were accepted and the handsome house, which was beautifully decorated with flowers, was crowded with guests.

The bride of today, who enjoyed the rare privilege of being married in the chapel royal, is the only daughter of Ambassador and Mrs. Whitelaw Reid. She made her social debut in 1904, and since the appointment of her father to the court of St. James she has been a notable figure in London society. She is an accomplished horsewoman and is skilled in outdoor sports. She is an excellent musician, and speaks a number of languages fluently, including German and Italian.

The Hon. John Hubert Ward, who is a brother of the Earl of Dudley, is one of an exceedingly handsome family. He was born in 1870, and was educated at Eton. He served in South Africa in 1890 and received a medal for gallant service. He was appointed assistant private secretary to the War Office in 1901, and he has been an enquiry in waiting to King Edward since 1902. He is Chevalier of the Legion of Honor, a member of the Royal Victorian order, fourth class, and a commander of the Order of Isabella la Católica.

The Earl of Dudley, the elder brother of Mr. Ward, was Lord Lieutenant of Ireland in 1902-1903. He made a most romantic marriage, his bride being Miss Rachel Gurney, a beautiful young girl without fortune, who has a large family, including two sons.

THREE CANDIDATES FOR GOVERNORSHIP

Delegates are Gathering on South Carolina for Democratic State Convention.

(SPECIAL TO THE GAZETTE.)

Charlotte, N. C., June 23.—Delegates and visitors are pouring into Charlotte for the democratic state convention, which is to meet here tomorrow to choose the man who will succeed Governor Glenn in the gubernatorial office of North Carolina. The convention promises to be one of the most interesting as well as one of the largest that has been held in North Carolina in many years.

The race for the governorship is a three-cornered one. The leader in the contest apparently is William W. Kitchin of Person county, who has been actively canvassing the state for several months past. Mr. Kitchin served six consecutive terms in Congress as representative of the Fifth district and retired voluntarily from that office. Mr. Kitchin is known by the corporations and combinations of capital, and especially the Southern Railway, whose faithful old enemy of standing he is.

Mr. Kitchin is closely pressed for the honor of first place in the race by Lockwood Craig of Asheville, who is known as the "mountain candidate." Mr. Craig is a self-made man, a graduate of the university of North Carolina and a leader of the state bar. He has been prominent in politics for some years and is known as a ready and effective speaker. He is a former member of the general assembly.

The third man in the gubernatorial contest is Ashley Horne, a prominent business man. Mr. Horne has made a favorable impression in his canvass, but it is not believed he will succeed in wresting the nomination from his two opponents.

In addition to naming a ticket tomorrow's convention will choose delegates to the national convention at Denver. The present indications seem to point to Bryan's instructions.

DAVIDSON WILL MAKE THE CAMPAIGN VERY STRENUOUS

Will Take Summer Months To Visit Different State Institutions For Inspection.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., June 23.—Governor Davidson will make no campaign speeches this summer prior to the primary election unless a rival candidate for the republican nomination makes his appearance, and then not more than one public address will be made by the executive.

He is averse to speechmaking and the trying ordeal of stumpus is particularly distasteful to him. He is advised that in view of the absence of other republican aspirants for the nomination there be no reason why he should not remain at his official duties until the main campaign is on.

After the nominations are made the governor contemplates taking part in the campaign, but will not make

to conditions admitting his conversation with them. Mr. Davidson stated this afternoon he was determined to see that the laws were enforced and that he was certain that Chief Appleby would co-operate with him to the fullest extent of his ability.

A COMPLETE SURVEYH. L. Skavlem Completes His Work
on the Archaeology of the Lake
Koshkonong Region.

Under the auspices of the Wisconsin Archaeological society an most interesting research bulletin has been published prepared by H. L. Skavlem, of Janeville. Its subject is especially interesting as it deals with the archaeology of the lake Koshkonong region and is the result of two years research in the field by A. B. Stout and H. L. Skavlem. The Wisconsin Archaeological society is doing wonderful work in exploration of the remains of the prehistoric people of the state and especially of the early Indian tribes. It has many members in Janeville and the immediate vicinity and Mr. Skavlem would be glad to reveal the names of others who will join the research work. The bulletin just issued is the fifth printed recently and is probably the most interesting and instructive of any that have as yet appeared.

It is fully described all of the numerous mound groups, village and workshop sites, planting grounds, provision, refuse and threshing pits, implements, houses, graves, cemeteries and trails of one of the richest regions in Wisconsin.

The mound groups surveyed include some of great extent and include conical, linear, chain and effigy or animal shaped earthworks, the latter being erected in the forms of quadrupeds, birds and reptiles once abundant in this region. All are of Indian origin. Three of the largest groups contain respectively seventy-eight, seventy-three and sixty-four mounds. A total of nearly 500 mounds were located along the thirty or more miles of shore line of the lake.

Of interest also is the location by records, both archaeological and historical, on Lake Koshkonong of the village of the noted Black Hawk war-chief Kau-ray-kaw-saw-haw, or the White Crow, often previously erroneously located in the neighborhood of Madison. Lists of the stones, metal and other implements and ornaments collected from this and other Indian village sites about the lake are given. The publication will be read with interest and profit. In order to increase the society's research funds a few copies are offered for sale at 50 cents each and may be secured by applying to Secretary Charles E. Brown, Madison, Wis. Applications for membership may also be mailed to him.

The fourth state assembly of the society will be held at Beloit and at Devil's Lake on Aug. 7 and 8. Other Wisconsin organizations will participate.

THE DEMOCRATIC PLATFORM.

"Mr. Dooley" writes about the Democratic party in the July American magazine. Here is a part of what he says about the doings at Denver on the 4th of July:

"It takes all kinds of men to make up the Democratic party, and there are hardly enough. They come to the convention from every corner of the earth, from the pine-clad hills of Maine, where the close season for a Democrat is on'ty two months, to the banks of the Rio Grande, where a Republican has to go over to Mexico to vote. They'll all be there.

"They'll be very different kind of men to the Democrat I've seen. There'll be Democrats who believe the protective tariff should be destroyed, and those that believe it should be tickled. The Democratic party has never altered in its opposition to a protective tariff. It recognizes in this system the source of predatory wealth, and many of them that our body politic is subject to, including all happiness is in the few. It recognizes that man is glad to recognize them. How do you do?"

Following are a few of the gems from the platform, as "Dooley" sees it.

"We favor an income tax, an income suitable to support the same in proper state."

"We believe in rural free delivery, every farmer should have his bills on the first of the month."

"On the currency question we have an impression that we have said enough. Any man who wishes to know our opinions on this momentous question can look them up in the files of the papers for twelve years ago, and may he lose his eyesight doing it."

"An' all, an' this is where we come in strong, we denounce an' deplore all an' alr' th' policies of the administration now drivin' to a close. Under this reprobate poverty has increased until it is now powerful beyond th' dreams of avarice; th' laborer is no longer worthy to be hired, or wasn't until a little while ago; fortunes have become swollen until they bust; th' courts are no longer th' refuge of the poor and oppressed, but what they were intended to be."

Mr. Dooley expressed his opinion before Congressman Cooper appeared on the scene with his, "in the minority" report, and so neglected to say anything about the "Wisconsin Idea." It takes a good man with a good backer to oppose the judgment of fifty-three representative republicans, on a plain plank, but Wisconsin was equal to the emergency, and history will record the fact.

Mr. Bryan is infatuated with the minority report, and the chances are that it will be incorporated in the democratic platform.

THE REFUSAL OF A THIRD TERM.

"In refusing a third term President Roosevelt has done a good thing for his own reputation. The tradition that holds a President to two terms should be preserved, and in preserving it President Roosevelt makes his own fame the more secure. As ex-President he will exercise all the more popularity because of this act of resolution."

"In refusing a third term President Roosevelt has done the best possible

thing for his own policies. In a political sense, Mr. Roosevelt as President has been a pioneer. He has cut a road through the wilderness of obstruction and prepared the way for a new era in American progress. He has done that work and it is a great work; but his own policies will now be all the better for being left in other hands to carry forward from this point. Taft possesses a temperament and a judicious frame of mind which makes him better adapted to the further development of the Roosevelt policies than Roosevelt himself.

"In refusing a third term Roosevelt has performed a service for the business of the country, for with all the work which Roosevelt has carried on, his methods of achievement have got upon the nerves of the markets to an extent that has caused prostration.

The retirement of Roosevelt, therefore, will no doubt improve business confidence and strengthen the financial situation."

This is a fitting tribute to President Roosevelt from the Wall St. Journal. The people were ready to nominate him and the convention would have been obliged to carry out their wishes. It required more than ordinary resistance to stand firm, under these conditions, but Roosevelt is an extraordinary man and he was equal to the strain.

He has indeed been a pioneer and the blazed trail will long remain as a landmark in the nation's progress,

but he was wise enough and fair

enough to retire from active leadership in time, and honor will come to him in larger measure than would have been possible at the close of another term.

The blazed trail is not a thoroughfare but under the skillful management of Taft, many obstacles will be overcome and the nation will emerge from a crusade which has fixed endurance to the limit, and as the trail is improved a highway will develop.

Four years of peaceful reconstruction is necessary to the country's welfare, and this will be the work of the new administration.

There are many residents of the city who regret the decision of the band not to hold its summer concert this year and some, ever ready to blame some one, place the burden upon the council. However in this they are wrong. The council has no power in the matter and they can not appropriate the city's money for purposes of public concert no matter how much they would like.

Let the work of clearing out of the objectionable characters that infest the city parks continue. A few sentences of wayward girls to reform schools and full sentences for the youths would have a wholesome effect upon local conditions.

Did you notice that every once in a while John C. Spooner springs into prominence again and takes up columns of newspaper space by some of his remarks? Spooner lost nothing in popularity by resigning from the senate.

The organization of a Taft club in Janesville is a good idea. There is no reason why the Wisconsin republicans should not get together again and ring up the usual hundred thousand majority for Taft and Sherman.

Why not have a new expenses brother democratic and have the Denver convention pass a resolution that Bryan be the permanent candidate for president and save the needless trips to future national conventions.

Now that Yale has had its commencement and its Bill Taft, Harvard is going to have its boat race with Yale and "Ito" Teddy Roosevelt there to lead the cheering.

There must be something in that geographical solution of the fact that Janesville does not get hit by the cyclones, owing to the surrounding hills, when the surrounding territory always suffers.

Some of the Illinois delegates have started for Denver by automobile, trusting to get there in the time to cast their ballot for the peerless one.

Yesterday was the longest day of the year and by far the hottest.

CHILDREN OF THE POOR.

An eastern educator declares that parenting among the poor should be discouraged. He says the multiplication of the children of the poor is at the root of our social evils.

He is mistaken.

The unrestrained breeding of diseased or criminal paupers is an undoubted evil. But more poverty is no hindrance to good citizenship.

Poverty is not hereditary.

And in this country poverty is often a help rather than a hindrance in the building of character. "The republic is opportunity." Deprivation is apt to teach the need of self denial, economy, personal endeavor, thrift—all the splendid virtues of successful living.

The children of the poor! What burdens their hands have lifted from the shoulders of staggering humanity! What a grip they have had on the problems of the world! Their hands have lifted the gates of empire from their blings.

No wonder a James A. Garfield should say he felt like lifting his hat to every humbleurch in the street because of the possibilities hidden beneath his rugged jacket.

Had there been no children of the poor there had been no Franklin to invent, no Shakespeare to write, no Spurgeon to preach, no Napoleon to war.

Had there been no children of the poor there had been no Christ!

We cannot tell who our next great countryman shall be nor where he will be born.

But it is safe to say that he will be of the children of the poor. It may be he will be born in some miser's cabin or in some homesteader's shack.

Strike from the list of the world's greatest ones in statesmanship, in science, in art, in literature, the names of the children of the poor, and your list will be but a meager one.

Let us quote again from Garfield, who said:

"Our society is not like the society of Europe, which is like the strata of the earth, each layer holding the one beneath it down. It is rather like the waters of the sea where the lowest drops may also and glisten on the topmost wave."

What a seal our national history has set upon that utterance!

There is no danger to the republic in the contagion of simple poverty.

A New Rheumatism Cure.

Here's another sure cure for rheumatism: "See there," a man said, drawing three round sticks of some black substance from a pocket. "That's electric light carbon. Carried 'em six months now and never had a touch of rheumatism. Used to have it all the time before I carried the carbon. It beats a buckeye all hollow."

Warm Hand Induces Sleep.

Sleeplessness is often caused by the head being exposed to the cold, while the rest of the body is warm. In this case out of ten, if the head is covered with a silk handkerchief it will induce sleep.

Three JANESEVILLE Girls Arrested In Chicago This Morning—Sheriff Has Gone For Them.

When Officer Morrissey arrested May McLaughlin, aged sixteen, Stella McLaughlin, aged fourteen, and Grace Miller, aged sixteen, early Sunday morning they begged and pleaded to be given their freedom. Upon promising they were to be in court on Monday morning they were permitted to go and when they failed to appear as promised they were given one more opportunity Monday afternoon. They appeared so penitent when arraigned before Judge Field yesterday afternoon that they were given another opportunity to reform and upon promise to go home and do what was right they were given their freedom. Hardly were they clear of the the court room than they made phone to run away to Chicago and phone to the Primrose path. Borrowing six dollars from a local tailor they took the train for Chicago and found quarters on Harrison street. Early this morning Chief of Police Appleby received a telephone message from Chief of Detectives P. D. O'Brien that the three girls claiming JANESEVILLE as their home had been arrested and were locked up. He was immediately wired to hold them and the chief swore out a warrant for their arrest as "incorrigible and it was given to the sheriff to serve. Sheriff Fisher left on the noon train for the runaways and will bring them back. They will then be arraigned in court and sentenced to the Milwaukee home until they are twenty-one. It will be remembered that the two McLaughlin girls are the same who ran away from school on February 28th and were arrested in Chicago in a North Clark street rooming house with an actor named Harry Britton, who had appeared here in the Knobs of Tennessee company the night before. Beside Gallup, another JANESEVILLE girl, accompanied them in this trip and the three were returned home. Britton was given a \$200 sentence in the Chicago Bridge well for his part in the affair. The activity of the police in clearing up the city of the disreputable element is to be commented upon favorably. Difficulties surround almost every move of the department in this crusade owing to the scattered condition of the department. On Sunday night one officer chased the notorious Mary James for several blocks only to see her disappear into the portals of a church were service was being held and though he finally captured her in the park several hours later she eluded him for some time. Several young girls have been sent to the reform school recently and it is said that more are to follow. Close watch is kept on certain youths of sporty proclivities and it is possible that several of them will be arraigned for seducers. Chief Appleby and his assistants are to be congratulated on the attitudes they have taken in the matter and deserve the support of the citizens.

Sam Brown's Salary.
The seemingly specious argument that the John Brown-George Appleby case was soon to be tried in circuit court and that the council would therefore know in a very short time where it was at, was advanced as an excuse for again laying on the table the proposition of paying Officer Sam Brown \$148 for services from April 17 to July 1. It is the general understanding that this case is going up to the supreme court and that consideration by the latter tribunal may not be had for several months at the earliest. As soon as Ald. Watt had introduced the order for the payment of this salary, Ald. Dulin backed on his action and clung down into the arena.

Ald. Dulin: "I'd like to ask the City Attorney if Sam Brown is a policeman, any way, at all?"

City Attorney: "I have on file here an opinion to the effect that he has no right to pay for his services prior to the 17th of April. As to his salary since that time, the question is now involved in the lawsuit which is to be argued in circuit court next Monday. You will have a decision of the circuit court within two weeks. In the meantime you can't pay any one of the three officers without taking a chance. As to whether or not you have the right to pay Sam Brown at this time, it is therefore impossible for me or anyone else to tell."

Ald. Dulin: "There was an order that went through some months ago directing that Sam Brown be paid \$120 and his name dropped from the payroll. The mayor who was instructed to carry out this order never reported back on it. I claim that Sam Brown is no policeman and is not working for the city."

Mayor Hoddes: "The mayor felt that the common council was wrong in its action and that his proper course was to work in accordance with the law as laid down by the state legislature. The city attorney, even now, plainly says that he doesn't know anything about it and puts it up to the circuit court. This council seems to have no place for a fire and police commission in the city government. Yet such an organization has been provided for by the state legislature which gave us the charter under which we are working."

City Attorney: "If the mayor disapproved of the order it was his duty to indicate that disapproval and return the order vetoed at the next meeting."

Ald. Dulin: "You are upholding commissioners when we've got a set of commissioners who change their own laws to take a step at the common council. They are not fit to be on the commission and still you uphold the commissioners' appointment."

Ald. Clark: "I don't know the merits of the case from a legal standpoint, but I'd like to see this man paid and every other man who does his work. I don't believe there is any law to punish the commissioners for paying money that has been well earned. If the railroad company should say to Ald. Dulin: 'We don't know whether or not the man who hired you was legally put in office or not and we will therefore be compelled to withhold your pay,' he would deem it very harsh and unjust treatment, I am sure."

City Attorney: "So far as I am personally concerned it makes no difference what you do. If you want to take chances on a \$50 fine for misappropriation of the public funds—Four or five lawyers are you'll find in Wiegmann, are engaged in a body, over the case and soon a circuit judge who is paid \$5,000 a year for his ability to deal with such matters will be devoting his attention to it," etc., etc., etc.

Ald. Sheridan: "Can we pay Sam Brown, legally?"

City Attorney: "You can't pay him without taking chances."

Ald. Sheridan: "Well, he's lived all summer without any salary and if the case is going to be decided right away I guess he can last a few weeks longer. I therefore move that Ald. Watt's order be held on the table. The motion was carried, Alderman (Continued on Page 8.)

JANET WITHAM RICE
AGAIN IN THE TOILS

On Charge of Conducting Resort at 327 South Main Street—Examination This Afternoon.

Janet Witham Rice who was indicted by the grand jury some time ago, fined \$500, and bidding to leave the state forever, is again in trouble. People living near her place at 327 S. Main street complained to Chief Appleby last evening that a big brawl was in progress there. When Officer John and Sam Brown and Mason arrived on the scene with the patrol wagon, complete quiet had been restored and no one was in sight. The wagon had scarcely returned to the station when another telephone message came in to the effect that the big noise was on again and that no less than nine men and three women had been hurried out of the place just before the patrol had arrived. Some body sent in the warning the second time, so that the officers found only the women in the house. This time they took Fay Darlington, Florence Starr, Mary Rafter, and Mrs. Rice to custody. Mrs. Rafter claims to have been visiting a sick girl at the place. The other two pleaded guilty in a court of charges of being inmates of a house of ill fame. Sentence was not pronounced as the parties are wanted as witnesses against Mrs. Rice who pleads not guilty to the charge of conducting an immoral resort. The examination was in progress at 3:30 this afternoon and both witnesses testified against Mrs. Rice. The action is brought by the State, instead of the city, and District Attorney J. L. Fisher is prosecuting. Mrs. Rice was her own attorney this afternoon but will probably retain a lawyer for the trial. If convicted she is not likely to escape a prison sentence. Fined for Swimming.

Oscar Erickson paid a fine and costs of \$3.10 this morning for going in swimming above the C. & N. W. railroad bridge without a bathing suit. Jerry Brosnahan who was wanted on the same charge was expected to give himself up today. He has been in hiding since Sunday.

Ald. Dulin: "I'd like to ask the City Attorney if Sam Brown is a policeman, any way, at all?"

City Attorney: "I have on file here an opinion to the effect that he has no right to pay for his services prior to the 17th of April. As to his salary since that time, the question is now involved in the lawsuit which is to be argued in circuit court next Monday. You will have a decision of the circuit court within two weeks. As to whether or not you have the right to pay Sam Brown at this time, it is therefore impossible for me or anyone else to tell."

FORTY YEARS AGO

Janesville Daily Gazette, June 23, 1868.—**Paul of Reapers**—We understand there is to be a trial of reapers on a piece of ground near the old fair grounds, in a few days. There are to be several new reapers tried. We would suggest to farmers that it would be a good opportunity to see the several machines tested, and they will thus be assisted in judging the merits of each. Due notice will be given of the day upon which the trial is to come off.

London Paupers.

In the whole history of the poor law system the figures for the indoor poor of the metropolis have never reached the point now touched by last official returns. In the 40 weeks' houses of Greater London there were 80,183 boarders, and 45,821 people were receiving outdoor relief. This gives a rate of 26.5 paupers per 1,000 of population.—London News.

The question lost or appeared to lose control of herself suddenly. "Little affair! Holiday flattened! If it were only that it would be beneath your notice, sir, and beneath mine. It's more than that!"

"Yes," said the king, "you will. The precise form I leave to your discretion. It should be large enough to make you secure from hindrance by any act short of open and armed resistance to my commands."

Stafultz saluted again and at a sign from the king resumed his seat. The king's manner relaxed as he turned to Stenovics. "When we've got her here we'll renew with her—she'll hear reasons—and persuade her that her health will benefit by a foreign trip. If necessary I shall cause her to be deported. She must be out of Kravonia in three days unless she can clear herself from all suspicion. I'll arrange that the prince shan't come for his audience until she is well out of Shava. It is, of course, absolutely essential that no word of this should pass the walls of this room. If once a hint of it reached Prasok the task of laying our hands on the baroness might become infinitely more difficult."

The three were well pleased. They had come to fear Sophy, and on that score alone would be right glad to see the last of her. And when she had gone there was a fairer chance that the prince, too, would go on his travels. Whether he went after her or not they cared little so that he went and the recruiting and training at Volsen were interrupted.

"Gentlemen!" he said imploredly, with outstretched hands. "They were silent—grave and silent.

"Captain Markart, you—you saw anything to suggest this—this terrible idea?"

"The fire was hot on poor Markart again. He stammered and stammered. "The—The Baroness seemed to have much influence, sir; to—to hold a very high position in the prince's regard; to—be in his confidence!"

"Yes," struck in the countess. "She wears the uniform of his artillery! Isn't that a compliment usually reserved for ladies of royal rank? I appeal to you, Colonel Stafultz!"

"In most service it is so, I believe, countess," the colonel answered gravely. "But I should never allow it—and without my consent!"

"It might be invalid, sir, though there's some doubt about that, but it would be a fatal bar to our German project. Even an influence short of actual marriage!"

"She means marriage, I say, marriage!" The countess was quite ready impatient of her, which was very artful. "An ambitious and dangerous woman! She wears the uniform of his artillery! Isn't that a compliment usually reserved for ladies of royal rank? I appeal to you, Colonel Stafultz!"

HELD FOR \$10,000 RANSOM

DIAMOND SALESMAN BELIEVED TO BE CAPTIVE.

Mysterious Letter to New York Jewry Firm Tells Apparent Fate of Employee—Police Investigate.

New York, June 23.—Meyer Newman, a diamond salesman, left his home with \$2,000 worth of diamonds, and he has not returned home since. His wife, who is on the verge of a nervous breakdown, says she believes her husband is being held for ransom, and that he will be killed if \$10,000 is not paid to his captors. Two anonymous letters, in which demands for \$10,000 have been made upon the diamond firm of Stern Bros. & Co., have been received by that firm and turned over to the police, who are investigating the strange disappearance of Newman. The message which Newman received the night before he went away figures in the case. After talking to some persons over the telephone for several minutes, he told his wife that two men from the west had asked him to carry diamonds to them for inspection early the next morning. Newman also said something to her about a boat, but Mrs. Newman does not remember exactly what that statement about the boat was.

Newman, who had kept in his house some of the diamonds he had for sale, placed \$2,000 worth of the gems in a pocketbook and left the house. When he did not return to his home for dinner his wife became alarmed and sent word to Newman's relatives that her husband was missing. They instituted a search of the morgue and the hospital, but could get no trace of the missing salesman.

Saturday the firm of Stern Bros. & Co. received a letter, of which the following is a copy:

"This is to notify you that Meyer Newman is being held a captive for a ransom of \$10,000. You are to place the money in a tin can at the Bronx Park entrance before June 30."

Dank Competition Ended?

During the fiscal year which is drawing to a close the First National Bank of this city which was named last June as the official depository for city monies has been paying 4.28875 per cent interest monthly on daily balances. The other offers a year ago were: Bauer City bank—4.1 per cent; Rock County National—3.86 per cent; Merchants' and Mechanics—2.6 per cent. Last evening, in response to a call for bids for the coming year, the four banks submitted a joint proposal to pay 2 per cent on daily balances, computed at the end of each month, and requested that each one of the said institutions be designated as official depositories and the money divided so far as practicable, equally among them. The finance committee asked for and was granted further time for the consideration of this rather unusual proposal and during the recess confab there were some whiff suggestions of bunting off the city cash to Beloit.

Street Improvement Contracts.

The street assessment committee reported the following sealed proposals for improving St. Lawrence avenue from East to Harrison street with granite curbing: P. W. Ryan, \$3,210.21; Dunn & Mead, \$3,303.23; Ryan, McNamee & Fluey, \$5,385.53; and recommended that the contract be awarded to P. W. Ryan, the lowest bidder. The recommendation was adopted and the contractor's bid accepted on motion of the judiciary committee.

Blanks for the laying of the combined cement curb and gutter around the Fourth ward park and on the easterly side of the Court House park, were reported by the same committee as follows: Dunn & Mead, of Cleveland, \$1.00 cents per linear foot; G. D. Cannon, 51 cents; E. Rice, 51½ cents; and B. P. Crossman, 53½ cents. The contract was awarded to the first named firm and its bid approved. On motion of the judiciary committee Dunn & Mead were permitted to substitute a \$5,700 bond for the Milwaukee street paving work for the \$9,000 bond originally filed.

Ald. Clark again introduced an order directing the street assessment committee to have a combined cement curb and gutter placed about the little park at the intersection of N. Jackson and Madison streets and Mineral Point avenue. Ald. O'Hara offered an amendment providing that the Second Ward park at the corner of Prospect and Fifth avenues be similarly improved. The amendment was carried. Ald. Sheridan voting "No." The original order as amended was passed by unanimous vote.

After due consideration of a petition from Mr. and Mrs. Charles Schadler, Mr. and Mrs. Fred Green, and others, requesting that Almond street be opened from S. Main street to the river and urging in support thereof that the closing of that thoroughfare with a gate was a farce and that it had become merely a preserve for hogs and geese, Chairman Sheridan of the highway committee introduced an order directing the owners of property abutting to remove the fence they had placed on that thoroughfare and put them on the line, and directing that the gate remain closed as heretofore. The order was passed by unanimous vote.

Grading Belt Settlements.

sidewalk grades for the east side of Wisconsin street from Milwaukee street to Court street and for the east side of Milton avenue from Milwaukee avenue to Prospect avenue were filed by the city engineer and accepted. That officer was directed to file a sidewalk grade for the south side of Pleasant street from Academy to Locust street; also a special sidewalk line on the south side of Oakland avenue from Jackman street to S. Bluff street.

In settlement of certain contentions arising from the Forest Park grading assessments, as previously ordered by the council, the city clerk was directed to draw upon the treasurer in favor of William Rager, Sr. in the sum of \$37, payable from the general fund; also in favor of William Rager in the sum of \$56.07; also in favor of James Ryan in the sum of \$142.45.

The Janesville Water company reported that it had laid mains on Glen street from Milton avenue to Garfield avenue, as directed, and put two additional hydrants in place. The assistant street commissioner's report on new water needed was adopted the same ordered built. Geo. T. Croft, superintendent of the stone crusher, reported that 332½ yards had been delivered during the two weeks ending June 20.

Street Railway Action.
Ald. Brown informed the council that since the last regular meeting the Janesville Street Ry. Co. had abandoned the operation of its Forest Park branch and that at the urgent request of Third Ward property owners he had filed a petition with the state railway rate commission asking for an investigation. He moved that this action be approved and confirmed by the council and that the City Attorney be authorized to take all action necessary to bring about a satisfactory adjustment of the matter. Ald. Buchholz moved that the matter be referred to the judiciary committee. Ald. Clark moved that the whole thing be laid on the table. The latter motion was defeated by a vote of 5 to 4, Buchholz, Carle, Rehfeld, and Sheridan voting in the affirmative, and Brown, Clark, Dulin, O'Hara, and Watt lining up with the negative. Ald. Brown said in support of his original motion that the abandonment of a line which had been in operation sixteen or seventeen years would damage property twenty-five per cent; that by gross mismanagement the line had become unprofitable and that the owners, not having become millionaires, had decided to quietly pull out without consulting anybody. Ald. Buchholz, acting in the role of safety-breaker, counseled his colleagues not to do anything rash and revolutionary without due deliberation. The idea of the city taking up Ald. Brown came to him in the nature of a surprise and while he might ultimately favor such

action, ample consideration was to be given now and forever, etc. Mayor Heddle said that in his opinion it was the duty of the city to see that the street railway company carried out its contract and maintained its line in any and every ward. The motion to refer the matter to the judiciary committee with an amendment directing them to report back at the next meeting, was carried. If the council fails to concur in Ald. Brown's action, he will have to pay all the legal expenses incurred out of his own pocket and the City Attorney will be entitled to compensation for his services as counsel in a private case.

Miscellaneous Business.

Reports on bills and the salary list were read and adopted. Harry Hugart was directed to audit the city treasurer's books for the past year, the compensation to be \$25. The check was directed to draw on the treasurer in the sum of \$60.25, payable to the mayor from the Memorial Day fund to cover expenses incurred in the observance, as provided by law. A. C. Anderson was appointed weed commissioner for the West side; and A. H. Barker for the East side; the appointments were confirmed and the bonds approved. John Brown reported that acting as City Marshal he had carried out the order of the common council and served a notice on Fred Shaw to vacate the detention hospital; and that the latter had complied with the order. J. B. Field was given permission to move a building from the west side of Jackson street, between S. Second and S. Third streets, to the corner of S. Third street and Garfield avenue. The fire and water committee was directed to have the drinking fountain on Glen street replaced. The city clerk was instructed to purchase two carloads of paving brick, but on motion of Ald. Buchholz it was referred to the judiciary committee for possible amendment and alteration, with instructions to report at the next meeting.

The ordinance providing for the creation of a board of review consisting of the Mayor, City Clerk, and City Attorney, as directed by a new state law, the validity of which has not yet been questioned, was given its third reading and placed on passage.

Orders for Street Commissioners.
Street Commissioners James Bennett was directed by orders to repair the town line road leading from the crusher plant to the railway track, the expense of the same to be borne by the general fund; to build standard brick crosswalks across Augusta street on the north side of Prospect avenue; across S. Third street on the east side of Forest Park boulevard; across Racine street on the west side of S. Main; across S. Third street on the east side of Jackson; across Racine street on the west side of Main; and across S. Second on the east side of East street; also a cement crosswalk across the alley on the east side of Division street, between Oakland avenue and S. Third street; to remove the city's old sidewalk on the north side of Glen street between Williams and Cornell streets; and to clean the gutters on the north side of Glen street between N. Hickory street and Cornell street.
